

MAKE MONEY SELLING MOVING SUPPLIES

***SMART PACK SOLUTIONS HAS AFFILIATE PLANS THAT
ALLOW YOU TO TAP INTO A \$2 BILLION INDUSTRY***

Smart Pack Solutions, LLC is now one of the largest national suppliers for Moving Boxes and supplies, fulfilling thousands of customer orders from its centers in Atlanta, Chicago, Dallas, Fresno and our headquarters in Philadelphia. We buy boxes by the truckload and ship custom quantities direct to the customer in efficient kits and bundles. Our system is extremely efficient with orders shipped the same day received and nationwide home delivery in 1-2 days.

BoxBundles.com and MoveOut.com are the company's consumer direct retail web site. Our affiliate program offers a number of ways to turn your contacts in the moving and relocation business into moving supply sales. You sell, we fulfill and you get a healthy commission!

Our affiliate program takes orders either by telephone, fax or through the web then ships the product in a generic form to your customer. Our system is flexible enough to provide the confirmation and tracking information direct to the customer or to you, the seller. Our computer systems are highly automated and provide detailed reporting to track both inquiries as well as sales. Commissions are promptly paid once a month. Reporting is real-time and online.

We provide you with camera-ready artwork, web graphics or editorial content to support your sales efforts. We can even design a website if you do not already have one. Our call center can be custom configured to handle both incoming or make outgoing sales calls, whatever it takes!

We have been featured on CNNfn, and Comcast as well as the New York Times, Investors Business Daily and a number of local papers.

WE DO BOXES. YOU DO THE REST.
